Entry-Level
Environmental Analyst
(Part Time)

Santa Barbara, CA

Job
Entry level, internship-like opportunity, environmental analyst to work with staff to assist with environmental planning projects. Part-time or hourly schedules considered.

Responsibilities
The successful candidate will report to a project manager and work directly with staff throughout California. Primary responsibilities will include preparing analyses of environmental issues in the context of National Environmental Policy Act (NEPA) and California Environmental Quality Act (CEQA) compliance, Clean Water Act (CWA) Section 404 permitting, local planning documents, etc.

Knowledge
- Bachelor's or Master's degree (or on track to complete either) in Environmental Science, Land Use Planning, Natural Resources Management or related field.
- Zero- to 3-years (for entry-level) experience in authoring resource descriptions, impacts analyses, etc.
- Excellent interpersonal skills with the ability to work in a team environment.
- Excellent oral and written communication skills (English).
- Ability to work efficiently and demonstrate effective organizational skills.
- Familiarity with NEPA and CEQA.
- Proficiency with MS Office: Excel and Word, in particular.
- Proven competency in technical writing.
