Practical, hands-on experience for aspiring healthcare professionals

Why become a Health Scholar?

You will gain clinical experience, make a difference in the lives of patients and become an integral part of the patient care team. Working side by side with nurses and physicians you’ll provide basic care for patients. Gain the exposure you need to get into professional schools and land a job in healthcare.

Rotations

Health Scholars rotate through many clinical units, which vary by site. As students’ skills advance, they may rotate by tier into specialty areas; a few sites have specialty administrative rotations.
